DETAILED ACTION

Response to Amendment

1. Applicant's amendment filed on 01/31/2007 and 3/15/2007 is acknowledged and has been entered into the records. The Examiner has accepted all the amendments presented by the applicant. However, the applicant has not defined or disclosed either in the specification or in the claims what "tg" and "atg" represents. The instant application was examined with the assumption that "tg" represents "tangent" or "tan" and "atg" represents "arctan" or "arctangent".

Ex parte Quayle

2. This application is in condition for allowance except for the following formal matters:
Claims 3 and 21 are objected to for the lack of a definition of "tg" and "atg".

A definition of "tg" and "atg" in the claims and in the specification to support what is in the claims is required.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.

Allowable Subject Matter

3. The following is an examiner's statement of reasons for allowance: Claims 1-18 and 20-21 are allowable. Independent claims 1 and 20 are allowable for reasons presented by the applicant in the "Remarks" section of the amendment filed on 01/31/2007.
